

Phase 2 APPRENTICE | A New Awareness

REFOCUSING

“Do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect.”

Romans 12:2

OVERVIEW

THE OBJECTIVES

- Students will begin to encourage and guide those who are coming up behind them and be an example.
- Students will begin to learn leadership skills. Leading is about serving not about being in charge. ***Leaders are expected to be examples of the rules, not exemptions.***
- Students will continue to explore their past to uncover core issues.
- Students will begin to evaluate their values and perceptions of life. *“As a man thinks, so is he”*
Prov 23:7
- Students will begin to understand the importance of how we see others in contrast to who they may be.
- Students will continue to be transformed by the renewing of their mind. As God reveals His truth, the corresponding lie will fall away.
- Students must be ready and willing to do outreach.

THE STRUCTURE

Apprentice is a time to renew our mind & realign our thinking.

How we view God, how we view the world and how we view other people.

Success in God’s kingdom is measured by how we treat others. How we see others is how we treat others.

Curriculum is on a case-by-case basis, depending on the calling and/or direction of the individual’s life.
